Good Afternoon:

On behalf of myself and my husband, we would like to say we are in favor of keeping Rick's Place open.

We are unsure if our reasons matter but we will state them quickly but not in any particular order:

- 1) We believe since the county approved his business approximately 10 years ago it would be unfair to renege now after the Turner's invested additional funds into their business.
- 2) The Turner's provide a much needed service to the county and in our opinion he's the best at processing deer.

Solution?

The residents who say Rick's customers are speeding could simply take down tag numbers and report it to the police. It is just absurd to hold the Turner's responsible for other people's actions. It's the speeders who are doing wrong, NOT the Turner's. Also, the Turner's could empahctically emphasize to ALL customers that speeding on the road can NOT be tolerated. They can put up signs on their business and hand out flyers to all customers. This would show in good faith to their neighbors that they support the speed limit.

Thank you for letting us express our comments.
